

What Attendees Have to Say About Clear Language Lab Professional Development...

“I am able look at health education materials with a more discerning eye - and improve it to be more beneficial to patients.”
-Health Professional

“[After incorporating ideas from the presentation] people seemed more engaged and responsive to material.”
-Legal Aid Attorney

“It was very eye-opening since I never thought about these issues.”
-Digital Literacy Instructor“

“This was very helpful to me. I am always looking for new ways to better serve my clients and meet them where they are.”
-Youth Case Manager

“Patients seem more readily engaged when materials have been more tailored to their needs.”
-Health Professional

“We should not assume that all of our interns are advanced/intermediate readers. By not assuming, we don't place the burden on our interns to figure things out.”
-Youth Case Manager

“I think I'm a better listener now and I'm able to...pass out information with more instruction and direction.”
-Workforce Development Professional
